

Peanuts Flavored By Hickory Smoke

Peanut growers of Alabama and Georgia this week suggested to the nation's food processors that they experiment with new ways to increase consumers' interest in salted nuts, a move which could provide new markets for Southeast farmers. The 50,000 peanut growers in the two states have mailed samples of peanuts which have been given a "hickory smoked" flavor. The samples were sent to every processor of salted peanuts in the country and are apparently stirring up a good deal of interest according to manufacturers currently attending the National Peanut convention in Las Vegas, Nevada.

Old Age Pension Picture

This graph shows the rapid jump which old age pensions have taken in recent months. When the program began in 1956, average payments were \$10.72 and they had increased to only \$19.83 by 1959. They were \$32.87 in 1956 and only \$37.82 in 1958—the year before Gov. John Patterson took office. Payments jumped past the \$50-mark this month for the first time in history.

Three-In-One Study Club Installs Officers

The Three-In-One Study Club held its final meeting of the club year at the home of Mrs. Bester Bryan Thursday evening, Apr. 7, with Mrs. Ross Smith and Mrs. J. W. Kendrick as co-hostesses.

A beautiful and massive arrangement of flowering quince reflected in a spacious mirror on the living room mantel. A low bowl of flowers harmonizing in color on the coffee table completed the decoration.

Before the meeting was called to order, the hostesses served a salad plate with an iced fruit punch. Mrs. Sam Sawyer presided over a brief business session during which the roll was called and minutes read by Mrs. Emory Corbett. Mrs. Cleo Hawkins, program chairman, presented Mrs. Jim Whitman, who read the story of the first Easter for devotion.

Officers for next year were installed by Mrs. E. M. Warr, who used an impressive candlelighting ceremony. Mrs. Paul Windham presented for installation: Mrs. Mayo Prescott, president; Mrs. Cecil Prescott, vice president; Mrs. L. A. Boyd, corresponding secretary; Mrs. Emory Corbett, recording secretary; Mrs. Jim Whitman, treasurer; and Mrs. J. W. Kendrick, reporter.

Mrs. Sawyer then asked the new president, Mrs. Prescott, to take charge. She appointed committees as follows:

Civil Defense Is New Hope PTA Subject

The New Hope PTA had its final meeting of the year Thursday evening, April 7, when the study topic was Civil Defense.

Mr. Louis Wilkins presided over the meeting and conducted a short business session. New officers were elected for 1960-61, who were: president, Mrs. Leon Hornsby; vice president, Mrs. Johnnie Merle Bragg; secretary, Mrs. Lou Wills; treasurer, Mrs. Hauglie Boatwell. Mr. George M. Probst gave the devotion. The speaker for the evening was Mrs. Emma P. Flowers of Ozark, member of the State Board of Civil Defense, who spoke on the importance of preparedness in the event of an atomic energy attack. Literature was distributed to the members present for further study on this strategic subject. The speaker was introduced by Mrs. Leon Hornsby.

Mrs. Flowers was presented a gift from the PTA as a token of appreciation for her inspirational talk to the organization. This was presented by Mrs. Eutoka Johnson. After the meeting adjourned, members and guests were invited to the luncheon by the hostess committee. Refreshments were served from a beautifully appointed table, covered with a white cut-work tablecloth. An arrangement of white roses gave added attraction to the other table appointments. Punch, cookies and salted nuts were served.

BWC Entertained By Mrs. Bullard At Home

Mrs. Bessie Bullard was hostess to the B.W.C. at her home Monday evening, April 4. Beautiful arrangements of azaleas gave a decorative note in the living room where the meeting was held.

Preceding the program, the hostess served a delicious supper buffet style.

Mrs. E. M. Warr, program chairman, gave the devotion and a division of the program "Christian Influences in the Home." Mrs. Mary Carney continued the topic, emphasizing Christian Activities in the home and the important role they play in youth development. Members present were Mrs. Jim Whitman, Mrs. Corinne English, Mrs. Mary Carney, Misses Edwin Boone, June Ray Brown, Mrs. J. H. Bruce, Mrs. Nelson Whitehurst, Mrs. Nell Hutto and two guests, Mrs. Grace Waters and Mrs. Elie Brunson.

From Our Early Files

22 YEARS AGO

A committee was named for the purpose of gathering information on the remodeling and repair of the City School. This action was taken at the regular meeting of the Elba Chamber of Commerce at Talley's Cafe after County Superintendent A. C. Dunaway gave a brief outline of the building program in progress throughout the county under the direction of the County Board of Education.

The Elba Chapter of the National Beta Club met in the high school auditorium. The meeting was called to order by Catherine Brunson, president. Roll was called and minutes read by Nell English, secretary, after which reports were given by several committees.

A club room and project for the year was discussed and plans were made for raising the scholastic standard of the Beta Club for the next year. Dewey Michler was elected parliamentarian.

SOIL CONSERVATION NEWS

By T. C. Self and Billy Taylor S.C.S.

In May, 1959, the Wiregrass Soil Conservation District, known as a multiple county district because it included six counties, was broken up into six single county districts. Coffee County District was one of those. The district is the medium through which agencies, organizations, and individuals in Coffee County work together to conserve the county's soil and water resources.

A soil conservation district is a local subdivision of the state, organized under the state law at the request of local farmers and operated by a board of supervisors composed of local farmers. The board of supervisors of the newly formed Coffee county district includes Charles A. Mallory, one of the Wiregrass district supervisors, and four other local farmers appointed by the State Soil Conservation Committee. Elmer Bryan, Marion Sanders, Martin Moates and Ira Allen.

These five supervisors determine the program and plan all the work of the district. They handle the business or administrative details, receive applications for technical help from farmers, and are completely responsible for acting on the application.

The Coffee County Soil Conservation District operates independently of any federal law or regulation and the supervisors serve without pay. They receive no salary and make a sacrifice to serve. The district gets the job done by local people through local effort in the American way.

The supervisors get help not only from the Soil Conservation Service, but also from the extension Service, Vocational Agriculture teachers, the Forest Service, Farmers Home Administration, and the Agricultural Experiment Station.

Thou hypocrite, first cast the beam out of thine own eye; and then shalt thou see clearly to cast the mote out of thy brother's eye.

—(St. Matthew 7:5.)

It is said that to understand is to forgive. To understand that we ourselves are not without faults, and then to try—with God's help—to correct them, will lead us to understand and be sympathetic to the weaknesses of others, and in kindness and charity to be of help to them.

Years ahead in style... that's why Ford is far ahead in sales!

The "bug" bites thousands of people every week. They've been driving high-priced cars year after year. But suddenly they sprang out in 1960 Ford Galaxies, pleased and proud as punch. They're switching to Galaxies because they want that years-ahead Thunderbird look, with a glamour and grace that won't ever wear thin.

They're going for Galaxies because Galaxies gives them—in look and in deed—an elegance denied to all but costlier cars. And Galaxies gives all this for far less than what they've paid in the past... plus a high resale value!

And these selfsame values are crafted into every car we sell—from Thunderbird to new Ford Falcon! Come let us prove it.

The elegant best is **Galaxie** by FORD

"IT IS PART OF THE CURE TO WISH TO BE CURED"

Your physician can now help you more than in the past. Modern research has uncovered new diagnostic techniques that indicate the necessary treatment. Recently perfected drugs give more positive results. But, if you wish to be cured you must follow his advice.

Any prescription, he directs you to take, is for a medicine he believes necessary for your treatment. You do not have the knowledge to question his judgement. Always follow your physician's instructions exactly. We pharmacists always cooperate by dispensing the exact medicines physicians prescribe.
